LUXURIOUS BATHZONE

FEEL THE EVERY
CORNER OF DESIGN

DESIGN-RESEARCH & DEVELOPMENT

We will help you select the right style, which meets the specific needs of your project. The CAD/CAM equipped design studio uses the latest softwares to carry out designing functions and define technical specifications.

TOOLING

The combined expertise of our toolmakers and the versatility of our equipment unite this department in the development of prototypes in readiness for product launches.

MACHINING

Machining is done on CNC lathes ensuring accuracy and consistency.

FOUNDRY

The selection of alloys and the experiences of our moulding technicians are essential to achieve the finished product of great quality. Brass inglots of defined compositions.

POLISHING

The preparation of products using automatic controlled systems reduces tedium and concentrates the expertise of the employees on the complex aspects.

PLATING

While complying with the most constraining environmental standards, we achieve to finish our products according to the desires of our customers by using the three layer electroplating technique thus increasing longevity and providing superior finish.

Kitchens have evolved from a mere cooking places to a beautiful spaces. Kitchens today have become pieces of art that add to the charm of homes; places of enjoyment and celebration; that define the finesse and refined choice of the owner. Small wonder, stark kitchens are now getting moulded into stylish and state-of-the-art, technologically equipped, eloquently designed kitchens – the centre stage of homes.

GIVE YOUR
KITCHEN THE FEEL OF
KITCHEN SINKS.
